BERGEN VETERINARY HOSPITAL Acknowledgement of Requirements for Boarding

All animals must be current on all vaccinations, heartworm test and stool sample/parasite check for the safety of your own pet, as well as the others in the hospital. If done elsewhere, we require written documentation. If pet is not up to date on all required vaccines and testing, they will be updated and your account will be charged accordingly.

All animals must be free of external parasites (ex. ticks, fleas, etc) or they will be treated at owners expense.

Bergen Veterinary Hospital has my permission to do whatever is necessary should an emergency arise.

Pets picked up after noon will be charged an additional day for boarding.

Bergen Veterinary Hospital cannot be held responsible for any lost items you choose to leave with pet during their boarding stay.

I understand that Bergen Veterinary Hospital is not a 24 hour facility.

All precautions will be used against injury, escape or death of the pet. The hospital will not be held liable for any problems that develop provided reasonable care and precautions are followed. I understand that any problem that develops with my pet will be treated as deemed best by the staff veterinarians and I assume full responsibility for the treatment expense involved. If a severe condition should arise, an attempt will be made to contact you at the numbers you have provided. BVH has my permission to treat any minor problems that may arise during boarding.

If a small problem arises (ex. diarrhea) would you like to be notified before pet is treated?

YES ___ NO ___

Can your pet have blankets in the cage?

YES ___ NO ___

In the event my pet won't eat BVH has my permission to add wet food to entice pet, at my expense.
